

We offer a lifetime, transferable, no receipt needed guarantee on the workmanship, stitching, aluminum hooks, rails, nuts and screws, and inner stiffening backplate. None of these will ever break. And if one should, you can be sure that we'll repair it or if it can't be repaired to our high standards, we will replace it. It's that simple.

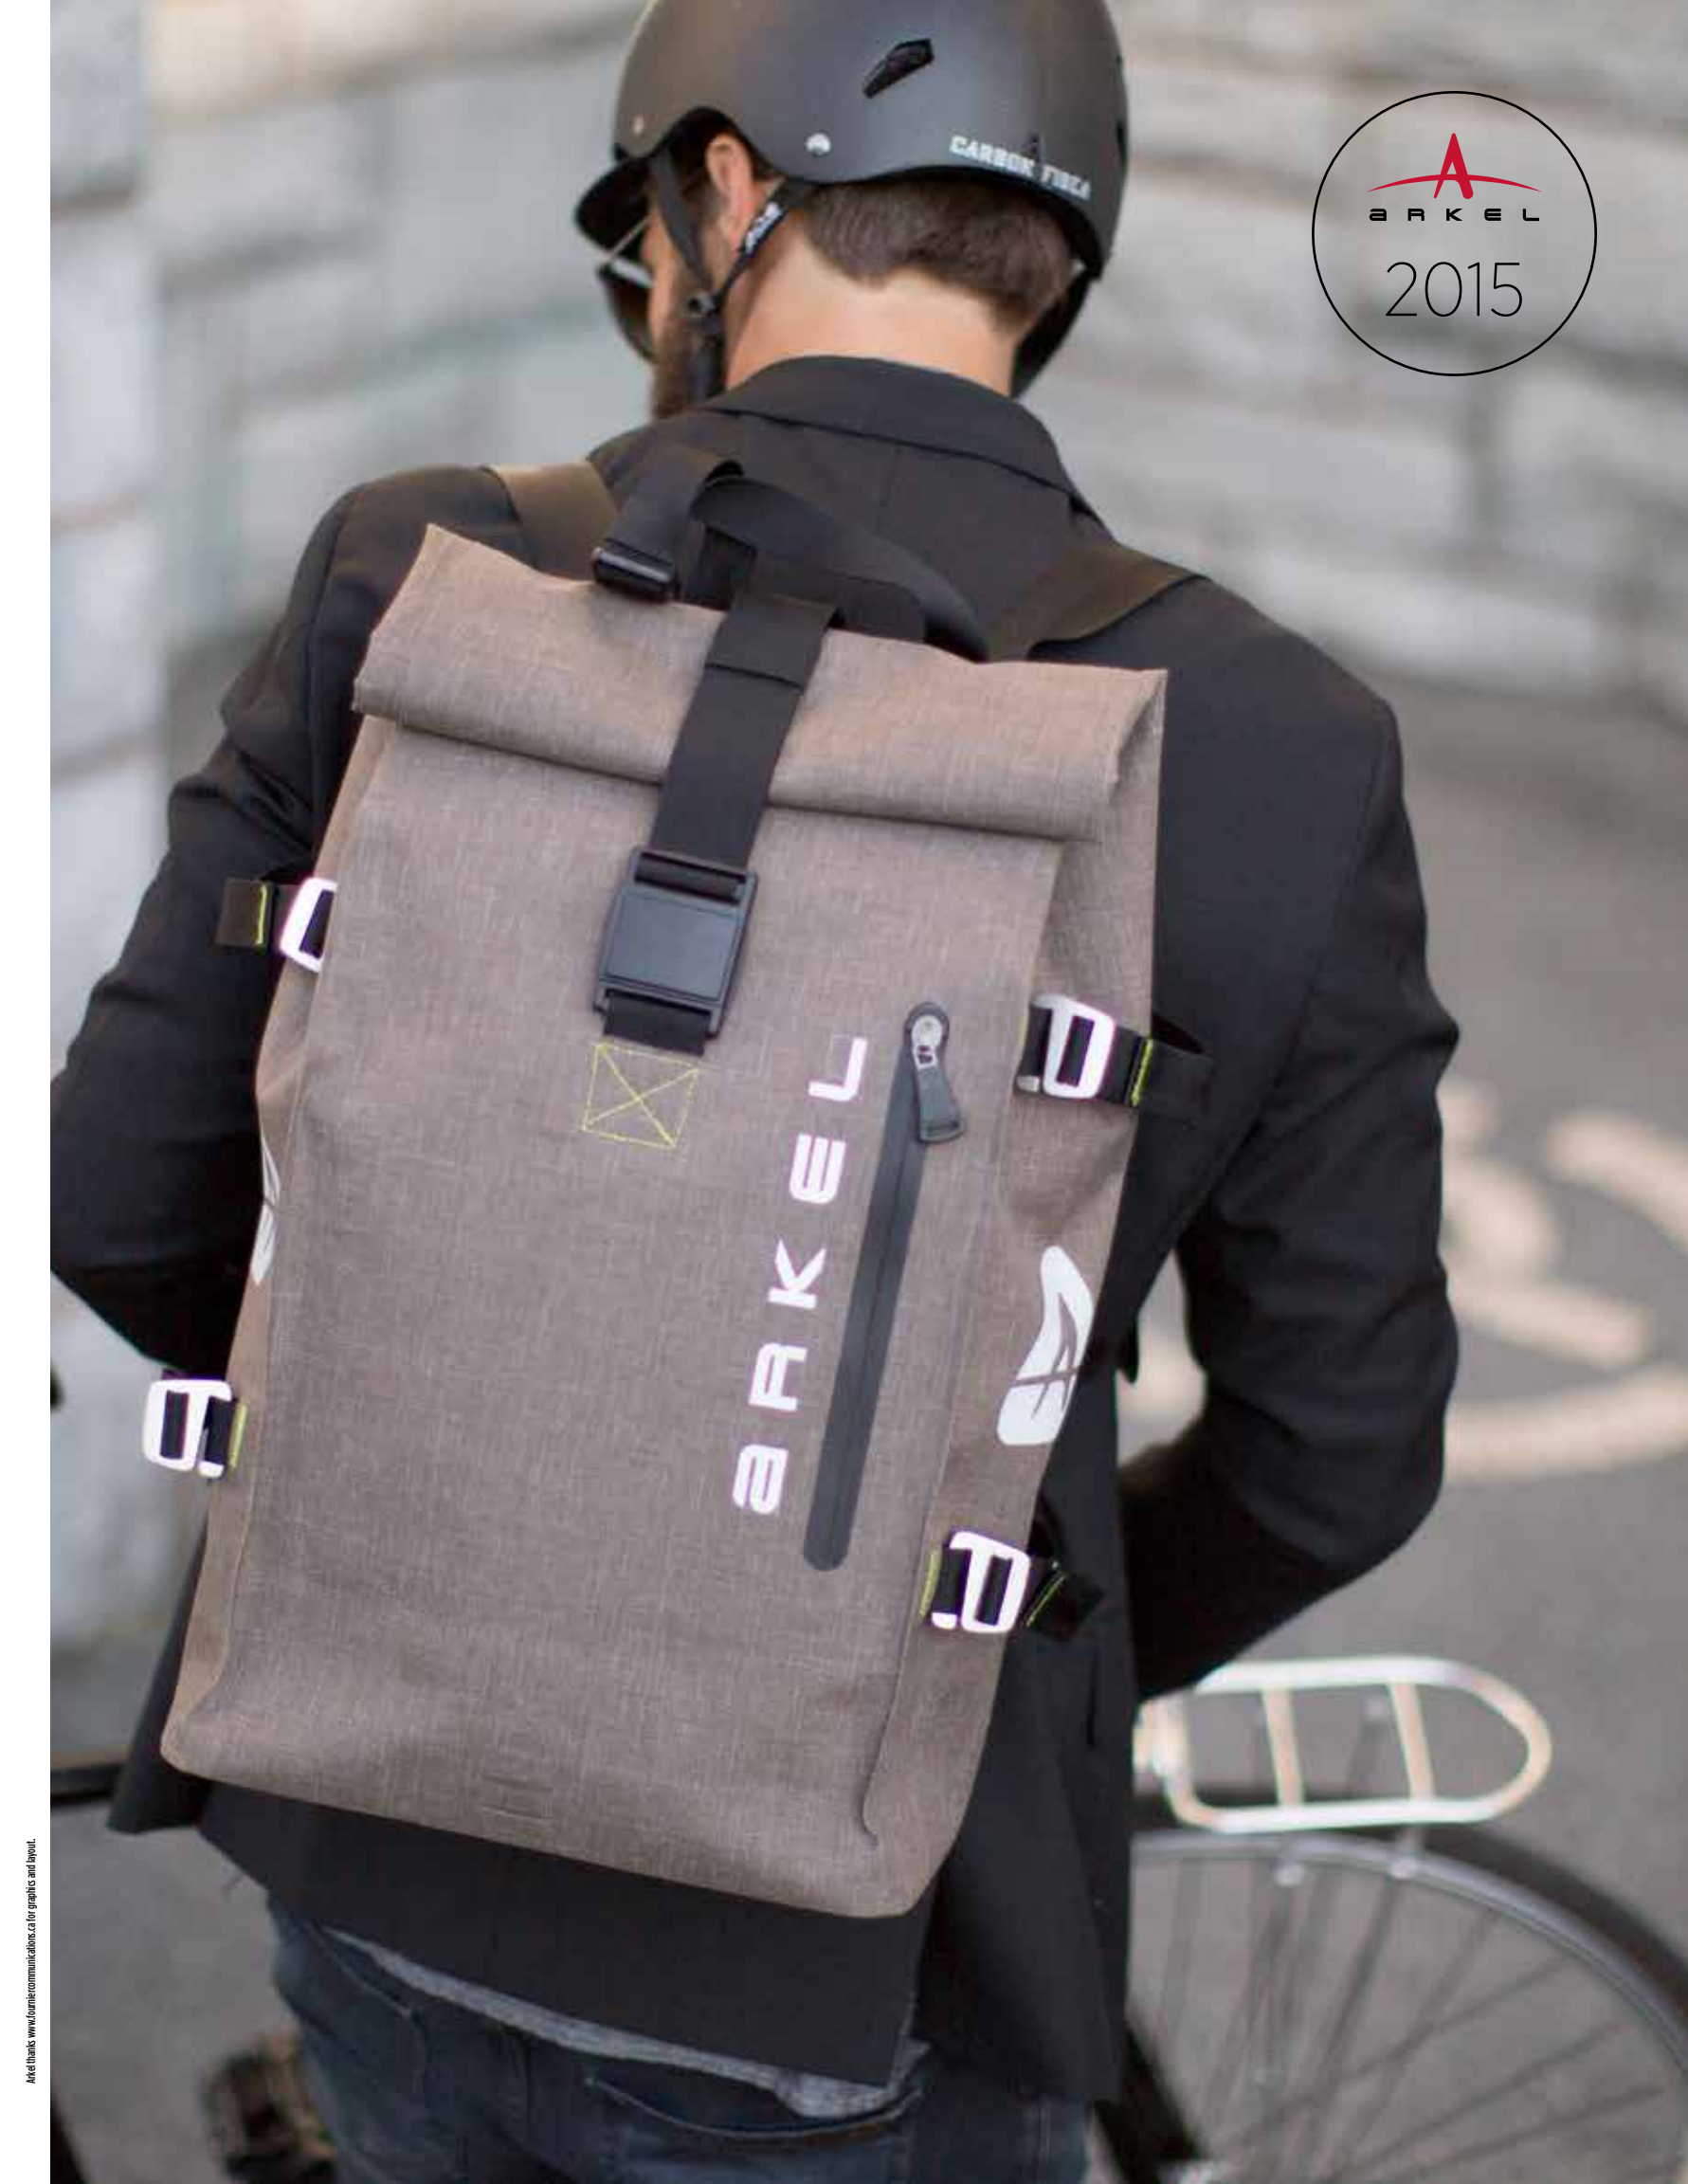

### CAM-LOCK®

Our patented, all aluminum Cam-Lock® attachment system is the strongest and most reliable pannier mounting system that you can find. Fully adjustable in seconds, it fits all tube sizes without any extra parts.
